1. General

1.1. ICR

The International Ski Competition Rules (ICR) provide the basic framework of rules for all Alpine ski events. However some amendments are required for British, Constituent Group (CG) and club competitions.

These amendments are detailed in the British Competition Rules (the "BCR", of which this document is the first part) and have been approved by the British Ski & Snowboarding ("BSS") Alpine Technical Delegates Forum. They must be adhered to for all non-FIS events on the British Calendar which are intended to count for British Alpine Seeding System (BASS) points.

1.2. British Competition Framework

The British Competition Rules (the "BCR") comprises this document (BCR Book I) and a set of other documents that act as a compendium of rules, regulations and technical papers covering eligibility, registration, seeding, the British Calendar and other matters.

The British competition framework of which BCR forms a part also includes rules for competitions on indoor snow and artificial slopes, the British Artificial Competition Rules (BACR).

1.3. Terms

For definitions and abbreviations, see Part 3.

The words he/him/his should be taken to include she/her/hers as appropriate.

The words "TD Forum" refer to the GBR Alpine and Telemark Technical Delegates Forum.

1.4. Sponsors

Each BCR Book has a designated 'sponsor', identifying the lead authority for that book. It does not imply that the sponsor has the right to alter the document unless approved by the TD Forum, which is the authority that has overall jurisdiction of the BCR and BACR within the auspices of BSS.

1.5. Amendments

Proposals for amendments should be submitted to the Chairman, TD Forum. Precisions will be issued at intervals and will be identified by the date of issue.

1.6. Document Versions

All books in the BCR are re-issued annually, after each autumn meeting of the TD Forum, to apply through the following season. The document version in the form "Version MMM YY" will appear at the foot of each page. A summary of the changes in each edition are listed in a table at the end of each book.

Any rule changes that have to be made during the season will be issued as separate "Precisions". The most up-to-date versions of all documents will always be available through the gbski.com web site.

2. Rules: Amendments to ICR

Unless specifically amended in this Section, throughout the ICR replace FIS with BSS and National Ski Association with CG. Where the equivalent body is not apparent, clarification should be sought from the TD Forum. Paragraph numbers apply to FIS ICR Book IV.

200.3 Participation

All competitions listed in the British Calendar are open only to properly licensed competitors. Other limitations may be included if specified and published in the programme.

201.1 Competitions with Special Rules

201.1.1 Competitions with special rules and/or limited participation or including non-members may be held under special competition rules as approved by the TD Forum. Any such rules must be published in the announcement.

201.3 Classification of Competitions

201.3.1 British

201.3.2 CG

201.3.3 Club

202.1.2 British Calendar

All CGs and their member clubs are entitled to organise competitions. Any competition which is to be submitted for seeding must be published in the British Calendar. All applications must be submitted to BSS office (see BCR Book IV).

203 Licences and Registration

203.1 The BASS registration year begins on 1 December and finishes on 30 November of the following year.

204.2 Competitors' Insurance

By submitting a race entry, each competitor assumes full responsibility for ensuring that valid and sufficient accident insurance for training and competition is in place for himself.

212.4 Insurance

All racers participating in British Calendar events must carry accident insurance, in sufficient amounts to cover accident, transport and rescue costs including race risks; they must also have adequate public liability insurance. All competitors are responsible for obtaining their own adequate insurance coverage. All competitors must be able to show proof of the respective insurance coverage at any time on request.

215.3 Entries

Every entry must include:

215.3.1 Registration number, name, first name, gender, year of birth and the prescribed entry fee.

215.5 The entry for a race by a competitor shall constitute a contract solely between the competitor and the organiser and shall be governed by the Athletes Declaration. There will be no refund of entry fees as a result of injury, illness, cancellation or any other reason unless explicitly published by the organisers.

216.5 Team Captains' Meetings

Competitors who are not members of clubs or teams have the right to nominate representatives to attend team captains' meetings.

217 Draw

217.2 The competitors entered will only be drawn provided the entries on the official entry form and the required fee have been received by the organiser before the closing date specified for the competition or otherwise amended by the organiser.

217.3 If a competitor is not represented at the draw, he will only be drawn if it is confirmed by telephone, e-mail or fax by the beginning of the meeting that he will participate in the race.

221.1 Health and Fitness

Each competitor or his guardian is responsible for the competitor's health and fitness for the competition he enters.

221.6 Medical Services required from Event Organisers

221.6.1 Risk assessment form

The Organising Committee for each competition must fill in the assessment form prior to the commencement of Training at a Competition or the first Team Captain's meeting, whichever is the earlier.

For the completion of all tables in this document, an example form is available to consult. This example is available to download from www.gbski.com, as are blank versions of this form.

The completed form must be sent to the location indicated on the form prior to the start of the event.

223.3 Penalties

223.3.1 Replace "CHF 100,000" with "£1,000".

224.17 Benefit Fund

All monetary fines are paid to the British Snowsports Fund.

225 Appeals Commission

225.1 The TD Forum (or appropriate CG body for CG events) appoints an Appeals Commission consisting of three of its members. The Commission decides on problems which cannot be resolved by the Jury. The Commission also deals with protests against the decisions of the Jury.

225.2 The decisions of the Appeals Commission will be sent by BSS (or CG in the case of CG Appeals Commissions) to the parties concerned, the

CGs to which they belong and to the members of the Jury against whose decision a protest was lodged.

226.1 Replace "CHF 100,000" with "£1,000".

601.4.9 Duties of the TD for all Events

601.4.9.1.1 For British non FIS events and the ability to use a substitute 'step down' course refer to 650.1.

602 Technical Delegate

For information on Technical Delegate development and all issues relating to TD assessment, licensing, assignment and training, refer to BCR Book VII.

602.2.2 Assignment

For all seeded events on British Calendar, the TD Forum appoints the TD. CGs may make recommendations for appointments to their own Group or Club events. Where possible, the TD Forum should avoid allocating the same event to the same TD for more than two consecutive years.

602.2.3 When held in conjunction with a British Calendar event, U10/12 races are to be overseen by the TD assigned to the overall event. Where programme constraints do not allow that, a TD qualified member of the ROC is to oversee the U10/12 race(s). The name of that individual is to be notified to Chair TD Forum in advance for formal assignment for insurance purposes. In the rare circumstances, that neither of the above is possible, a suitable senior key official is to oversee the U10/12 race(s). The name of that individual is to be notified to Chair TD Forum in advance for formal assignment for insurance purposes (NB this is only an emergency provision and therefore should not be the norm).

602.2.5 An additional TD may be appointed for races within an event where the Programme does not allow the principal TD to officiate.

602.4.3 For Technical events at British Calendar races held within the UK mainland, the TD should arrive at the competition site with sufficient time to become familiar with the race slope, safety requirements, medical facilities, and to meet with the ROC and Jury Members.

602.5 Expense Accounts

The TD has a right to reimbursement (ICR 602.5) for previously agreed travel expenses, single accommodation and meals during the assignment. The expenses of the TD must be included in the organisational budget for the event and may be paid directly by the organisers or by the providing CG through an enhanced calendar fee.

In addition a fixed daily rate of £20 will be paid each day of the assignment for all Calendar events, plus a maximum of two travel days.

603.7.3 All courses must be set according to BCR.

605 Forerunners

605.1 Append "Athletes will only be permitted to forerun in a higher age category if permitted to do so by the Jury. U16 or younger age groups may not forerun downhill."

606 Competitors' Outfits

606.7 The wearing of competition suits (catsuits) or similar one- or multi-piece clothing by U12 or younger is prohibited. Clothing worn by U12 or younger must offer full ankle-to-wrist protection from the elements.

607 Age Limits

607.1 The competition year is May 1st – April 30th of the following year.

608.6 Start Order and Race Format for U16, U14 and U10/12

608.6.1 U16 technical events

All U16 technical events are to comprise a 'standard' two-run race, with the first run start order determined by draw and seed points, the second run start order determined by the results of the first run, and the aggregate time to count for seeding. Prizes may be awarded on the basis of aggregate time, or as otherwise directed by the Regulations for the particular competition.

608.6.2 U14 technical events

U14 technical events should be run on separate courses from U16 where possible. However, they may be run on the same course if the ROC deems it impractical to provide a separate U14 course.

U14 technical events are to comprise two single-run races, and be seeded separately from U16, regardless of whether they run on their own course or on the same course as U16.

Each race counts separately for seed points, but prizes and medals are awarded on the aggregate time from both races.

The start order for Race 1 is determined by a standard draw based on seed points. The start order for Race 2 will be the reverse of the start order for Race 1.

When run on the same course, the U14 age group must be run separately from U16, either before or after the U16 group as determined by the Jury and announced at the Team Captains' Meeting.

608.6.3 U14 and U16 Super-G events

In Super-G events, U14 and U16 must be run together in the same race. A single start list will be drawn in the usual manner based on seed points, with no separation by age group. Due consideration must be given to course setting as indicated under 1003.1.5.

608.6.4 Second run/race for those not completing first run/race in technical events

Those who did not finish or were disqualified in the first run (not including those who did not start) will be offered the chance to run *hors concours* at the end of the second run, after the qualified competitors. There is no obligation to take up this offer. The jury has the discretion to deny the second run in response to course conditions.

All DNFs and DSQs from the first run must be listed on a separate second run start list, in the same order as they appeared on the first run start list. This list must be provided to all key officials.

This is to ensure that all officials are aware of the complete running order for the second run and to avoid any uncertainty over whether or not a particular competitor is taking up the offer of a second run. Those who do not wish to take their second run will simply be recorded as DNS in the normal way.

The second run times for these competitors may be announced as normal and posted on the provisional times board, but do not form part of the official results, where they would simply appear as DNF1 or DSQ1.

Coaches will retain responsibility for ensuring that any competitor falling in Race 1 is withdrawn from Race 2 if there may be a possibility of injury and/or equipment failure.

608.6.5 U10/12 Technical Events

All U10/12 are to comprise two single-run races with the fastest time to count. The runs are not seeded.

U10/12 Slalom races are to be run with stubby gate poles.

608.12 Kombi

The Kombi consists of a mixture of standard turns and gates. The event meets developmental needs of appropriate age groups, creating a tactical awareness by blending sections of different gates in a flowing, rhythmical, constantly changing pattern. Results may be determined by combined times of each run, or each run may be classified separately. The OC must indicate the method in advance. A Kombi race is strongly encouraged at all events. Use of a skier/boarder cross course is not recommended as the courses are generally not of suitable design to meet ICR 608.12.

608.12.1 Course Setting

608.12.1.2 The Course Setter and Jury are to provide an interesting but safe course.

608.12.1.3 The competitor's speed must be controlled when transitioning from one section to a different section and the course setting should allow competitors a smooth transition from jumps or waves back into the course.

608.12.2 Kombi Design

There can be 2 different forms of the Kombi:

SL / GS Format (technical orientation) Setting with stubbies, SL gates and GS gates or coloured ground indicators, and;

GS / SG Format (speed orientation). Setting with GS and SG gates or coloured ground indicators.

SL / GS Format (technical orientation) is the preferred format. The selected race style must be announced on the race notice prior to the race and again at the first team captains meeting in order to enable correct ski selection.

608.12.3 SL / GS Kombi: Technical Data

Slalom Skis are recommended to be used for SL/GS Kombi

608.12.3.1 Terrain and Vertical drop.

Use of a suitable homologated SL or GS slope, vertical drop of 140 - 200 meters.

608.12.3.2 Gates

Gates may consist of one or two poles. Where 2 poles are used the outside gate must be the same type as the turning gate (stubby gate with stubby gate, SL gate with SL gate, GS panel with GS panel). Where one gate is used Art 804 applies.

- Consecutive gates must alternate between red and blue.
- SL gates must have a minimum distance of 4m and max. 6m.
- GS gates must have a minimum distance of 4m and max. 8m.
- SL Minimum distance between turning gate to turning gate 6m. The distance between gates within combinations (hairpin or vertical) must be not less than 0.75m and not more than 1.00m. The gates in hairpin or vertical combinations must be set in a straight line. Delayed gates must have a minimum distance of 12m and a maximum distance of 15m from turning pole to turning pole.
- SL Maximum distance turning gate to turning gate 12m.
- GS Minimum distance turning gate to turning gate. No minimum restriction.
- GS Maximum distance turning gate to turning gate 20m.

608.12.3.3 Course characteristics and recommendations:

- Minimum of 30 turns
- Recommended to have a minimum of 5 different sections.
- The course should test the competitor's ability to react and adapt to an ever changing rhythm and radius, but allow the competitors smooth transition between the various sections of gates.
- Building terrain is optional but not necessary as the course itself should apply enough demand. Use creativity with available terrain.
- Include a minimum of one jump.
- Avoid gates that cause sudden braking and deceleration.
- Use the entire slope and natural terrain and skiing across the fall line as often as possible.
- The Start and last gates should lead the competitor respectively to the first gate and finish line.
- There should be at least one section of stubby gates.

- Forerunners or course testers should be available for course setting.

608.12.4 GS / SG Kombi: Technical Data

Giant Slalom Skis are recommended to be used for GS/SG Kombi.

608.12.4.1 Terrain and Vertical drop.

Use of a suitable homologated SL or GS course, 250 meters maximum vertical drop.

608.12.4.2 Gates

- Gates consist of two poles. Outside gate must be the same as turning gate.
- Consecutive gates must alternate between red and blue.
- GS gates must have a minimum distance of 4m and a max of 8m.
- SG gates must have a minimum distance of 6m and a max of 8m.
- GS turning gate to turning gate minimum 10m maximum 20m.
- SG turning gate to turning gate minimum 15m maximum 28m.

608.12.4.3 Course characteristics and recommendations:

- Number of Direction changes 10% to 12% of Vertical drop.
- Recommended to have 3-5 different sections.
- The course should test the skier's ability to react and adapt to an ever changing rhythm and radius, but allow the competitors smooth transition between the various sections of gates.
- Building terrain is optional but must allow course to flow smoothly.
- Include a minimum of one jump
- Avoid gates that cause sudden braking and deceleration.
- The Start and last gates should lead the competitor respectively to the first gate and finish line.
- Forerunners or course testers should be available for course setting.

608.12.5 Kombi Inspection

A normal competitor's inspection and with a time limit established by the Jury is suggested. The concept is to test reaction and adaptability from the normal amount of inspection time.

608.12.6 Number of runs

The OC and Jury should announce the number of runs at the first Team Captains' Meeting. Depending on weather and course conditions it is recommended that entries up to 140 competitors should be 2 runs and entries over 140 competitors should be one run.

608.12.7 Rules

The ICR Slalom and Giant Slalom rules apply for running of the Kombi race except as modified in 608.

608.12.8 Starting order

Kombi Start Order is to be by randomisation by gender by Age Category. Each Age Category and Gender is to race separately, although they can use the same course.

Where a 2-run Kombi is held, the Start Order for Run 2 should be that of Run 1 reversed.

608.12.9 Gate judging

A sufficient number of gate judges should be present. For the Stubby sections it is recommended to have one gate judge for every two gates. It is also recommended to spray a blue line.

611.2 Timing Equipment

611.2.5 For all British Championship events, System A, System B and hand timing are compulsory. For all other seeded events, System A and hand timing are compulsory, System B is strongly recommended.

625.2 Award of Prizes in the Case of a Terminated Competition

For Slalom and Giant Slalom events the 1st run has to be completed, i.e. all competitors on the start list must have had the chance to start. If this is not possible, the race is invalid. If the 2nd run is not completed then the results of the 1st run become the race results. For Downhill and Super-G, in exceptional circumstances, trophies may be presented if at least 60% of the competitors have started.

644.4 Protest Fee

£25 or the equivalent in another valid currency must be submitted with the protest. This deposit will be returned if the protest is upheld, otherwise it goes to the account for the British Snowsports Fund.

645 Authorisation

The following are authorised to submit protests: -

- CGs,
- trainers,
- team captains,
- all competitors not otherwise represented.

646 Settlement of Protests by the Jury

646.2.1 Whenever possible when attending a Jury meeting, minors should be accompanied by an adult to represent their interests.

647 Right of Appeal

647.1.2 Appeals must be submitted in writing to BSS or CG office as appropriate.

647.1.3.1 Any additional supporting evidence must be sent to the BSS or CG office as appropriate within 14 days after the announcement of the Jury decision.

647.1.4 The decisions against the appeals are taken by the Appeals Panel convened by TD Forum or corresponding group designated by the CG as appropriate.

650.1 Homologation

British calendar competitions may only be run on courses which are homologated by FIS or the relevant National Association.

For British non-FIS events, and in the event of force majeure, race Juries may, subject to agreement at the Team Managers Meeting, substitute a 'step down' course. For example, a homologated DH course may be used for a SG, a homologated SG course may be used for a GS, and a homologated GS course may be used for a SL. All normal course criteria and safety requirements must however be in place. See Art 1002.4.

801 Slalom Technical Data

801.1.5 Exception for indoor snow halls:
All categories Min 60m vertical drop

803 Course Setting

803.2.1 U14: Minimum 2 and maximum 4 hairpin combinations and minimum 1 and maximum 2 vertical combinations consisting of 3 or 4 gates.

901 Giant Slalom Technical Data

901.1 Vertical Drop

	Min	Max
Men	200 -	450 m
Ladies	200 -	400 m
U18 & U21	200 -	400 m
U14 & U16	180 -	250 m
U10 & U12	n/a	250 m

901.1.6 U10 and U12 should participate in no more than one race per day.

1001 Super-G Technical Data

1001.1 Vertical Drop

	Min	Max
Men	350 -	650 m
Ladies	350 -	600 m
U18 & U21	300 -	600 m
U14 & U16	250 -	350 m

1002.4 Homologation of U14 and U16 Super-G courses

All courses used for U14 or U16 SG must be homologated for Super-G. If the course to be used is homologated for FIS GS, then a safety inspection by a FIS Technical Advisor is required. See Art 650.1.

1003.1.5 When different courses are set for U14 and U16 they should be set to suit the different turning radii and lengths of their skis. When a single course is to be set for both U14 and U16, the course should take into account the range of ski lengths and turning radii used by these age groups.

3. Definitions

British Ski & Snowboarding. British Ski & Snowboard Ltd.

British Competition Year. The period from 1st May to 30th April of the following year. This differs from the FIS Competition Year, which is the period from 1st July to 30th June of the following year.

Constituent Groups:

- Snowsport England - trading name of English Ski Council Ltd (SSE)
- Snowsport Wales - trading name of Ski Council of Wales Ltd (SSW)
- Snowsport Scotland (SNSC)
- British Alpine Racing Ski Clubs (BARSC)
- British Association of Snowsports Instructors (BASI)
- United Kingdom Armed Forces Winter Sports Association (UKAFWSA)
- Ski Club of Great Britain (SCGB)

Federation Internationale de Ski (FIS). The International Ski Federation.

Force Majeure. Unforeseen and unavoidable circumstances for which a deviation from the rules may be required.

Home Nation Governing Bodies (HNGBs). Snowsport England, Snowsport Wales, Snowsport Scotland.

Hors Concours. Literally 'outside competition'. A racer competing but not for prizes or honours.

International Ski Competition Rules (ICR). The FIS Rules for International Alpine Skiing.

International. A competition approved by TD Forum in which Great Britain and at least one other overseas nation takes part.

League. A group of ski organisations competing in knockout or American style to rules of their own making but with the approval of the TD Forum.

Licence. An authorisation to compete in various specified grades of competition.

Registration. A listing or categorisation of licensed competitors.

Seeding. The classification of competitors into a ranking list of expected ability formulated from past results.

TD Forum A technical sub-committee of BSS.

4. Aide Memoire

SLALOM	Senior		U21/U18	U16/U14	Indoor Snow

5. Document History

Edition	Date	Description of changes
2006	Nov 2006	Document created from "BCR 2004".
2007	16-Jan-2008	Changes in following paragraphs in section 1: 601.4.9.1, 606.6, 621.3.1, 901, 1001 Also amendments to Aide Memoire in line with FIS ICR Precisions.
2007.1	15-Jun-2008	Moved items under para 602 (Technical Delegate) to Book VII. Correction to 801.1 to include Children II, and to 801.2.4 to include Children II and refer to percentage of vertical drop. Publication date added to front page and page footers.
Dec 08	03-Dec-2008	Adjustment of some rule numbers to follow changes in ICR 2008. Also changed:- 605.1 Forerunner age groups. 607.4 added full table of competition years. 608.6 clarification of draw (drawn "as separate Categories"). 801.2 deleted (now covered by ICR). 801.2.5 no 'single pole slalom' trials. 1002.4 Children's SG on FIS GS course. 1003.1.5 Children I and II on same SG course. 1211 (Brit Combined) moved to Book IV. Chapter 3 removed NISC from MG list. Chapter 4 aide memoire updated.
Dec 09	05-Dec-2009	221.6 medical services rules added (from May 09 Precisions). 602.2.2 re-instatement of missing para on TD assignment. 801.2.5 slight re-wording now that single-pole is no longer being 'tested' by FIS.
Nov 10	09-Nov-2010	1.1, 1.3, 1.4, 202.1.2, 3, etc : Replace Snowsport GB with British Ski & Snowboarding (BSS). 221.6 deleted (same as ICR). 601.4.9.1.1 renumbered

		603.7.3 paragraph added
		605.1 replaced "invited to do so" with "permitted"
		801.1.5 added
		801.2.5 deleted prohibition on setting single-pole SL
		4. Correction to Aide Memoire to match FIS Nov 2009, and add exception to VD for SL in indoor snow halls.
Nov 10	22-Dec-2010	Precision to correct DC for CH GS to 13-15% as per ICR.
Nov 11	20-Nov-2011	650.1 allow homologation by any National Association. 607.4 removed table of competition years in preparation for expected changes in age groups.
Nov 12	19-Nov-2012	Various paragraphs throughout document: change in age group names. Minis become U10 & U10, Ch I become U14, Ch II become U16, Jnr I become U18, Jnr 2 become U21. 226.1 added for consistency with 223.3.1. 602.2.2 and 602.2.5 Assignment of TDs carried out only by TD Forum. 608.6.1 Exception to U16 Start Order for specific competitions on trial basis for 2013. 608.12 added section on Combi rules. 611.2.5 Alteration to timing system requirements as agreed in May 2012. 647 Replaced SSGB with BSS 901.1.4 and 901.2.1 deleted as they duplicate 608.6 901.1.6 and 1006.1 replaced 'must' with 'should'.
