5. British Championship Combined Competitions

5.1. Alpine Combined

A combined competition tests a competitor's ability over two, and sometimes more, disciplines. The British Championship Combined Competition comprises all of, or a selection from, the following disciplines: DH, SG, SC, GS and SL.

- 5.1.1. The different races to be combined must be decided by the organisers and announced in the programme.
- 5.1.2. The combined results in a two discipline championship shall be calculated by adding the competitor's race points in each discipline of the championship. Only those competitors who successfully complete both disciplines shall have a combined result.
- 5.1.3. The combined results in a championship comprising three or more disciplines shall be calculated by summing the British Championship Points awarded to the top 30 finishers for each event. It is not necessary for a competitor to compete in or finish every discipline.
- 5.1.4. British Championship Points are awarded according to the following schedule:

Place	Points	Place	Points	Place	Points
1st	100	11th	24	21st	10
2nd	80	12th	22	22nd	9
3rd	60	13th	20	23rd	8
4th	50	14th	18	24th	7
5th	45	15th	16	25th	6
6th	40	16th	15	26th	5
7th	36	17th	14	27th	4
8th	32	18th	13	28th	3
9th	29	19th	12	29th	2
10th	26	20th	11	30th	1

- 5.1.5. If, in a race, several competitors are tied for one of the first thirty positions, each tied competitor receives the points corresponding to that position. The remaining competitors receive the points corresponding to their official classification in the race. Thus, if two competitors tie for third place, the points awarded are: 1st 100, 2nd 80, 3rd= 60, 3rd= 60, 5th 45, 6th 40 etc.
